

### TESTIMONIAL FOR COMPASS COMPUTERS , ROY EVERETT

This is one company I cannot do without!

Having a service contract with them means I can relax in the knowledge that whenever I have a problem with my laptop, I can simply pick up the phone and instantly I am connected to Compass Computers technical department.

Whether the problem is big or small they are always there to help in a friendly and courteous manner.

I am so grateful for this service. Thank you Roy.
